WHAT OTHERS ARE SAYING

“I chose to work with Katherine based on one thing, her knowledge. She successfully attracted people to have conversations with us where others had failed. She mapped the market and gained trust from the people she spoke with.

I worked with Katherine here in NYC hiring for us in Banking and Fin Tech. We worked with her for a search campaign and 3 contingent hires. She is exceptional at what she does, and her integrity stands out in the industry.

We knew exactly who else she worked with and we therefore knew where she was going to be able to attract talent for us from , and that was important to us and had her stand out amongst other rec2 rec firms.”

— OWNER & CEO,

WHAT OTHERS ARE SAYING

“As the owner of a Boutique Banking recruitment firm, I needed to work with someone who understood our model operating style and the skills required to be a successful recruiter in that model.

She provided us with this and identified precisely where our competition was in the market and what would have to be our point of difference in the market to attract strong Fin Services Recruiters to our organization.”

-PARTNER EXECUTIVE SEARCH NYC

“I worked with Katherine on three separate occasions as a Construction Engineering start up in the US. I had three critical hires and worked with her to appoint a director of HR, a Texas based Team Lead, and 3 360 Construction Engineering Recruiters. Possibly the most positive experience I have ever had in external hiring in my 25-year career. Katherine is a stand-out recruiter / headhunter and consultant.”
